

~~WG-156~~

Date:

Building Name: Medical Offices
Public/Private Access

Description:

Currently used as a medical office facility, No. 3 Bay Street was originally a garage. The only change in its appearance since its conversion to new use has been the modification of window and door openings. Some windows were reduced to one half of their original size and others were entirely sealed. Garage door openings on the east and west sides of the building have also been filled in with brick.

The square 1 1/2 story building of light orange brick laid in stretcher bond is 3 bays wide on the north and south sides and 2 bays wide on the east and west sides. All bays are articulated by pilaster strips. The new windows are square single pane and none-opening. The original windows remain in the gabled dormer over the west facade.

Decoration of the building is achieved through the use of wooden brackets supporting exposed eaves. The pyramidal roof is covered with black asphalt shingles. The building is presently in a good state of repair.

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

No. 3 Bay Street is significant as a unique building within the commercial district. Located behind the office of the Mayor and Council it is one of the few detached buildings in the district. Located on a secondary street, it does not contribute to principal streetscapes but is of a similar scale and age to other buildings within the district. Alterations to window and door openings have not severely affected the integrity of the building.
